

Are you prepared
for the next
hiking and biking
season?

Discover innovation
in motion

The Gafner turnstile

NEW:
Modular
construction
& gateway for
bikers

Safety on hiking and biking trails

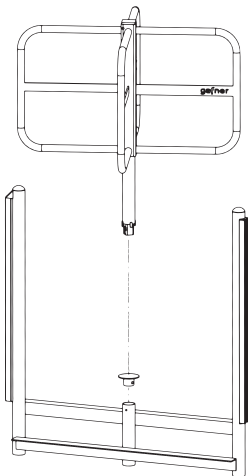

Safety for people and animals, now even more flexible and innovative.

Our hot-dip galvanised hiking gateway is very robust and protected against all weather conditions. The special pivot bearing placement in the slip-over tube ensures a long service life.

Get the new Gafner turnstile and make your hiking and biking trails fit for every season!
